

Youth Winter Retreat 2016. Our Youth enjoyed a weekend get-away at Calvin Center. Their theme was “Overrated.” The youth enjoyed learning the truth behind a life with Jesus being “overrated” and that our lives should be about training to be like Jesus rather than trying to be like him. We enjoyed playing “Dock” games outside at the Calvin Center where many of the youth relived fond memories of going to Summer Camp when they were young. Ultimately, we grew closer in fellowship with one another and more importantly to God. It was definitely not an “overrated” weekend!
